TO WHOM IT MAY CONCERN

Our firm has been using the services of Chris Maclean and his C3 Construction Company for 3 years on behalf of our Vendors and property Investors. We should add that we have also personally used C3 Construction on various projects at our own home.

We have had C3 complete projects from garden makeovers, driveways, landscape design, paving through to Major New Site garden construction.

Not once have we ever had to ask Chris and his team to return to a job to fix or correct something – he gets it right the first time.

We have always found him to be very professional and knowledgeable and he provides EXCELLENT VALUE FOR MONEY.

Service and Customer Care appear paramount to him. Several of our Property Investors have asked for C3 to carry out work at their own homes after seeing the results at their investment properties.

We are available on the above numbers should anyone considering using C3 like further details.
